

MATERIAL SAFETY DATA SHEET

MINI MOLD KITS

World Class Technology

1300 NE Alpha Drive

McMinnville, OR 97128

503-472-8320

PRODUCTION: All products are produced according to FDA 510K guidelines for generally accepted standards of manufacturing for like devices.

MATERIAL:: Dynaflex G2755-1000-00 Thermoplastic Elastomer Compound made with Kraton Polymer

HAZARDOUS INGREDIENTS CATEGORY: This product does not meet any hazard category according to EPA "Hazard Categories" promulgated under sections 311 and 312 of the Superfund Amendment and Reauthorization Act of 1986

COLOR: Translucent

PHYSICAL DATA: Hardness: ShoreA-10 sec dwell
Specific Gravity: .88
Melt Flow Rate: 3g/10 min 42g/10min
Viscosity: 7600 sPs
Shrinkage: .02-.024
Odor: Odorless
Solubility in Water: Insoluble

STORAGE PRECAUTIONS: Avoid Direct Contact with open flame or excessive heat:

HEALTH HAZARD DATA: Skin Contact: Nonirritating to skin:
Skin Absorption: Skin absorption is unlikely due to
Physical properties:
Ingestion: Single does oral toxicity is believed to be very
Low. No hazards anticipated from swallowing
small amounts.
